

2ND ANNUAL INTERNATIONAL RAW MILK SYMPOSIUM

CLAIMING CONSUMER RIGHTS

MADISON, WI | APRIL 10, 2010 | 8:30 AM–5 PM
WWW.RAWMILKSYMPOSIUM.ORG

Wisconsin was carefully selected as the site of this year's symposium because of the recent spate of actions taken against Wisconsin raw dairy producers and their customers. Wisconsin, as the 2nd largest dairy state in the union, and the state with the most small dairies, is a crucial state for raw milk activists and defenders to "dig in" against the erosion of their consumer rights.

Wisconsin Dept. of Agriculture, Trade and Consumer Protection (DATCP) through creative interpretation of law, and legislators through ill-advised legislation, want to ensure that raw milk never passes consumers' lips – by harassing the farmers that produce it - all in the name of "public and food safety".

That's why this symposium, at this time, in this state is so important.

Sponsored by:

Farm-to-Consumer Foundation®
